

## POWER CUT K PLUS PLASMA CUTTERS

### PRODUCT DESCRIPTION

Portable plasma cutter  
 Advanced IGBT technology  
 Integrated air compressor  
 Thermal protection  
 Pilot arc for cutting expanded metal and fencing  
 Handles a variety of metal materials

### ■ TECHNICAL PARAMETER

| Model                                | POWER CUT 12K PLUS | POWER CUT 40K PLUS |
|--------------------------------------|--------------------|--------------------|
| Input Power (V)                      | 120                | 230                |
| Input Capacity (kW)                  | 2.3                | 6.9                |
| Maximum Input current (A)            | 20                 | 30                 |
| No load voltage (V)                  | 340                | 310                |
| Welding current adjustment Range (A) | 12                 | 15-40              |
| Duty cycle (A)                       | 25% @ 12           | 30% @ 35           |
| Max cutting thickness (mm)           | 5                  | 14                 |
| Recommend Cutting Thickness(mm)      | 3                  | 6                  |
| LxWxH (mm)                           | 550x303x462        | 550x303x462        |
